POSTDOCTORAL FELLOW

PRAGMATIC HEALTH ETHICS RESEARCH UNIT
INSTITUT DE RECHERCHES CLINIQUES DE MONTRÉAL (IRCM)

Living Lab Project in Health Ethics
Areas of research: social sciences, bioethics, health sciences

OPPORTUNITY
We are seeking a postdoctoral fellow to join the Pragmatic Health Ethics Research Unit on a full-time basis. The selected candidate will support the realization of various health ethics projects as part of the development of a living lab in health ethics and will participate in the development of new theories and methodologies at the heart of our pragmatic health ethics research program. This is a full-time one-year position, with the possibility of renewal for a second year. The candidate will help establish an innovative collaborative project in health ethics.

REQUIREMENTS
• Completed doctoral studies in social sciences, philosophy, bioethics, health sciences or another relevant field of study
• Experience in scientific publication and communication
• Interest in pursuing research in health ethics
• Excellent communication and interpersonal skills
• Organization skills and efficient time management
• Interdisciplinary teamwork experience an asset
• Fluency in French and English
