Deeply rooted in Montreal and dedicated to its international mission, Université de Montréal is one of Canada’s Top 100 Employers. Like the city whose name it bears, it is effervescent and multicultural.

UdeM attracts over $500 million in research funding every year, making it one of the three university research hubs in Canada. It also ranks among the best universities worldwide and among the five best French language universities.

Through the achievements of the members of its community, UdeM participates in building today’s and tomorrow’s world.

Assistant or Associate Professors of Kinesiology

School of Kinesiology and Physical Activity Sciences, Faculty of Medicine

The School of Kinesiology and Physical Activity Sciences, a recognized leader in the field of kinesiology, physical activity, and exercise science, is continuing its recruitment phase. We are seeking applications for two (2) tenure-track faculty positions at the rank of Assistant or Associate Professor to join our dynamic, multidisciplinary team. The School is specifically looking for professors to join the Physical Activity and Maternal-Child Health and/or Adaptation of Movement and Regulation of exercise research streams. To learn more about the School and discover the richness of its departmental life, we invite you to visit our website (https://eksap.umontreal.ca/recherche/).

As a professor, you will have the opportunity to contribute to the promotion of the excellence of the School of Kinesiology and Physical Activity Sciences.

The selected candidates will have the opportunity to develop collaborations within the School, as well as with researchers within the Faculty of Medicine and affiliated research centres. As a professor of kinesiology and Physical Activity sciences, successful candidates will be expected to:

- Through your teaching and your research activities. You will also ensure the visibility of your discipline in addition to actively participate in the operation of a renowned institution. As such, you will pursue high-level research, publication and outreach activities that focus on: i) physical activity in mothers and children and/or ii) muscle function with potential implications for the treatment of musculoskeletal disorders. A translational animal-to-human research profile and/or field experience in sports performance or clinical research aimed at improving neuromuscular function will be considered assets;
- Demonstrate a research profile applicable to populations such as children, mothers, athletes and/or the elderly;
- Integrate or complement your research activities with other professors in the School;
- Teach at all levels of study and supervise graduate students in the research and professional tracks of the School;
- Contribute to the academic life of the School, the Faculty of Medicine and the University.

To succeed in this role, you’ll need:

- Hold a PhD in kinesiology, exercise science, or a related field and have significant career experience in the area of interest;
Demonstrate achievement in kinesiology, exercise science, or a related field;
> Have university teaching experience;
> Have university mentoring experience;
> Have an excellent record of knowledge translation (scientific publications, patents, scientific opinions, clinical practice guidelines, etc.);
> An adequate knowledge of the French written and spoken language or a strong commitment to mastering the proficiency level required, in accordance to Université de Montréal’s Language Policy. An institutional learning support program is offered to all professors wishing to learn French or improve their communication skills.

To be successful in this role at the rank of Associate Professor, you must also:

> Demonstrate experience in supervising graduate students, postdoctoral fellows, research associates and/or other highly qualified personnel;
> Demonstrate an extensive history of research funding from recognized granting agencies;
> Have been significantly involved in university service.

How to submit your application

You are invited to send 1) a letter describing your interests and career goals and any factors that may have affected the development of your career, 2) any documents highlighting the quality of your teaching, 3) your curriculum vitae accompanied by 4) a copy of your diplomas, 5) a copy of three (3) most notable publications or research works, and 6) three (3) names of persons who can be contacted as references. All of these documents must be sent to:

### DIVERSITY AND INCLUSION

**Université de Montréal is strongly committed to fostering diversity and inclusion.** Through its Equal Access Employment Program (EAEP), UdeM invites applications from women, Aboriginal people, visible and ethnic minorities, as well as persons with disabilities. We will –confidentially – adapt our recruitment mechanisms to the specific needs of people with disabilities who request it.

UdeM embraces a broad and inclusive definition of diversity that goes beyond applicable laws, and therefore encourages all qualified individuals to apply, regardless of their characteristics. However, in accordance with Canadian immigration requirements, priority will be given to Canadians and permanent residents.

In order to measure the impact of its equity, diversity and inclusion actions, UdeM is collecting data on applicants identifying themselves with one of the groups targeted by the Equal Employment Opportunity Act, namely women, Aboriginal people, visible minorities, ethnic minorities and people with limitations. To this end, we thank you for completing this self-identification questionnaire. The information you provide through this form is strictly confidential and will be shared only with those responsible for the UdeM EAEP. If you wish, you may also indicate that you belong to one of the targeted groups in your cover letter, which will be reviewed by the selection committee and the assembly of peers.

Université de Montréal’s application process allows all members of the Professor’s Assembly to review the application files submitted. If you wish to keep your application confidential until the shortlist is established, please mention it in your application.
